

latitude

latitude

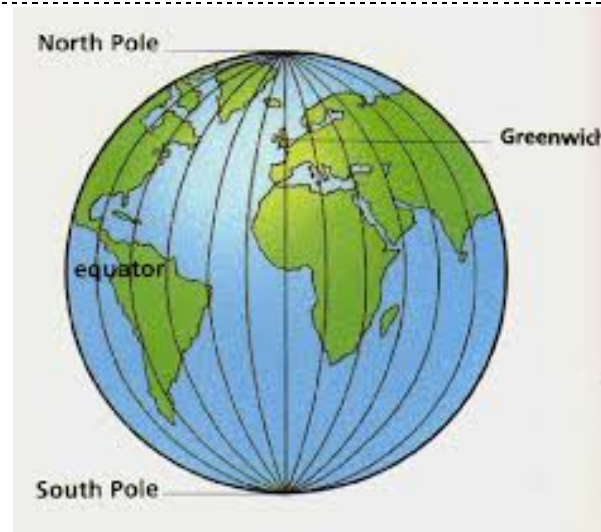

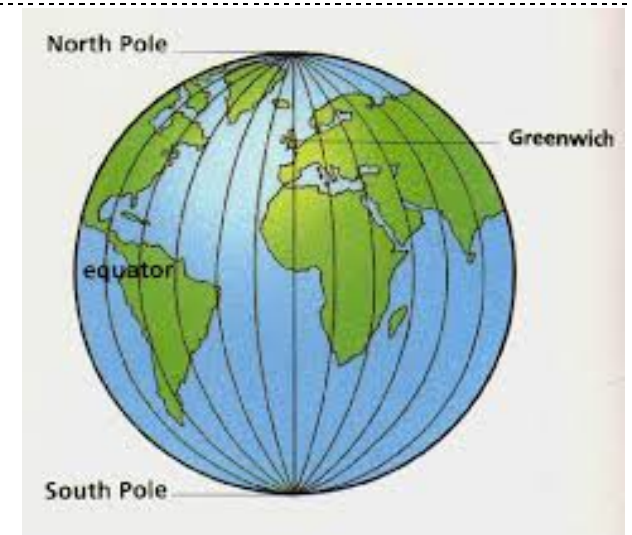

latitude

the position
of a place,
measured in
degrees north
or south of
the equator

longitude

longitude

the position
of a place,
measured
in degrees
east and
west

longitude

compass rose

compass
rose

compass
rose

a circle
showing
the
directions
on a map
or chart

north

north

north

one of the
four
cardinal
directions,
opposite
of south

south

south

south

one of the
four
cardinal
directions,
opposite
of north

east

east

east

one of the
four
cardinal
directions,
opposite
of west

west

west

west

one of the
four
cardinal
directions,
opposite
of east

continents

continents

seven large land masses of the earth; Asia, Africa, Europe, North America, South America, Australia and Antarctica

continents
